Passengers must book accommodation prior to arrival in Grenada

The Ministry of Tourism and Civil Aviation reminds persons travelling to Grenada that they are totally responsible for the arrangement and cost of their accommodation. All persons from medium and high risk countries are required to book with an approved accommodation facility prior to arrival into Grenada.

Persons entering Grenada are required to familiarize themselves with the traveler's guide on the Ministry of Health's website: <https://covid19.gov.gd>.

There are different requirements based on the low, medium and high risk categories of countries.

The protocols are under constant review and travelers should check the websites frequently for any updates or changes.

The list of approved accommodation facilities can be found on this link: <https://puregrenada.com/travel-advisory>.

Persons departing Grenada are also required to familiarize themselves with the protocols for entry to the respective country they are planning to travel to before purchasing the airline ticket.
